

Quick Connection Guide Using Speed Dial

For details on operations, refer to the Operating Instructions (stored in the supplied CD-ROM).

To begin with

Turn on your Video Communication System and TV monitor, and check the following to ensure that connection is possible.

① Is the picture of your camera (local picture) on the monitor screen?

Note: Connection to a remote party is not possible if neither the IP address nor ISDN indicator is displayed.

② Select "Information" and press PUSH ENTER

③ **When using the LAN**
Is the LAN indicator highlighted and is the IP address displayed?

③ **When using the ISDN**
Are one or more ports of the ISDN indicator highlighted?

Main indicators that appear during communication

	Controlling a remote camera
	Local microphone is turned off
	Sending a still image
	Receiving a still image
	Sending or receiving a computer screen
	Sending or receiving data from a whiteboard
	Sending dual video
