pcs_master_JX_100129_forXG55(1)

Compatibility Chart:
– This "Compatibility Chart" only provides compatibility testing results for the Memory Stick media applications listed in each product's instruction manual with Memory Stick media types listed below.
–This chart may be changed along with specification change. Please confirm your product compatibility in this chart.
– This chart does not guarantee support for all Memory Stick media types' performance nor compatibility among Memory Stick media compliant products. – Memory Stick media transmission speed varies by, and depends on, host hardware devices' features and circumstances of use.
– Attach a dedicated adapter to use Memory Stick Duo™ media in a slot for standard size media.
– Attach a dedicated adapter to use Memory Stick Micro™ media in a slot for Memory Stick PRO devices.
– The Memory Stick media capacity indicated on the packaging will differ from actual usable capacity. A portion of the memory is used for data management file functions. Refer to the back of the packaging for the minimum guaranteed capacity. Click here to view the Memory Stick media user capacity chart.
http://www.memorystick.com/en/ms/variety1.html

Remarks:
*1 Data over 123MB cannot be recorded in a single session.
*2 A dedicated adapter (MSAC-M2) must be attached to use Memory Stick Duo™ or MagicGate Memory Stick Duo media.
*3 The MSAC-MMS adapter must be attached to use the Memory Stick Micro™ media in a slot for standard size Memory Stick Pro media. Compatibility is not guaranteed when using the MSAC-MMD adapter in combination with another adapter.
*4 The file system incorporated in the Memory Stick limits the capacity of a file to be recorded or played back to less than 4GB.
*5 This product is made by Sony Computer Entertainment Inc.
*6 Transmission speed may not be faster when using Memory Stick PRO(High Speed/Mark2) and Memory Stick PRO-HG.

Meanings :
× no compatibility
○ Only data that does not require copyright protection function (MagicGate) can be recorded/played back.
◎ Data that requires copyright protection (MagicGate) can be recorded/played back
— not guaranteed
